SUMMARY

Top-performing IT graduate and DOST-Region III ICT intern who writes clearly and concisely and openly expresses ideas to drive results. Led an ICT Infrastructure team, deployed a Captive Portal, and built a 96.18%-rated IoT capstone (ISO 25010 Excellent) reducing manual checks by 80%. Ranked 5th of 64 schools nationally in programming competition. Identifies solutions to problems across networking, full-stack, and IoT — develops strategies and leads groups to deliver scalable systems.

WORK EXPERIENCE AND PROJECTS

Department of Science & Technology — Region III

— ICT Infrastructure and Networking Intern

- Leads one of the groups of the ICT Infrastructure & Networking Team; takes charge of task delegation and enforces policies across the unit.
- Created and deployed a Captive Portal for guest users covering the entire DOST-3 building via access point routing; presented to the Planning Unit Head - identifies solutions and develops strategies for secure, organization-wide guest network access.

Freelance Web & App Developer

— Self-Employed | 2023 – Present (2+ years)

- Designed and developed custom web and mobile applications for multiple clients
- Managed full project lifecycles independently — from client requirements gathering and scoping to testing and delivery — consistently meeting deadlines and maintaining strong client communication.

Philippine Startup Challenge X, Region III

— TOP 15 of 74 entries

- Drove ideation, prototyping, and panel pitching of an aquaculture tech startup; negotiates/resolves differences and persuades others to sharpen solutions and maximize impact.
- Collaborated on an innovative aquaculture tech solution that addressed real-world farming challenges, strengthening system usability and problem-solving impact for potential end-users.

Capstone Project: Fishtastic

— Lead Document Specialist / IoT Engineer / DevOps

- Built solar-powered IoT system monitoring 5 water parameters, cutting manual checks by 80% with 24/7 tracking.
- Developed AI-analytics mobile/web app improving response time by 70%; achieved 96.18% ISO 25010 (Excellent).

EDUCATION

Our Lady of Fatima University

Bachelor of Science in Information Technology

- GWA: 1.19

Aug 2022 – Dec 2025

CERTIFICATIONS AND PARTICIPATIONS

Information Technology Specialist (ITS) Python — Certiport

- Certified in Python programming, covering variables, functions, data structures, and program logic.

Information Technology Specialist (ITS) Networking — Certiport

- Certified in networking fundamentals, including TCP/IP, IP addressing, and network security.

National Programming Challenge 2025 — CODECHUM

- Placed 2nd in the Finals and 5th overall in the Grand Finals among 64 schools nationwide.

National Programming Challenge 2024 — CODECHUM

- Developed and applied programming skills in a national-level challenge.

Google Project Management — Coursera

• Completed a 7-course professional certificate covering project planning, agile methodologies, risk management, stakeholder communication, and execution — 120+ hours of hands-on training over 3 months.

Google IT Support — Coursera

• Completed a 6-course professional certificate in IT support, networking, system administration, operating systems, and cybersecurity — applying skills across 170+ hours of hands-on, job-ready training.

Google Cybersecurity — Coursera

• Completed a 9-course professional certificate covering threat analysis, network security, SIEM tools, Python automation, and incident response — 168+ hours of hands-on training over 6 months.

Google AI Professional — Coursera

- Completed a 7-course professional certificate covering AI fundamentals, prompt engineering, and responsible AI practices — 10 hours of intensive, self-paced training.

TECHNICAL SKILLS

- **Programming & Development:** Python, C++, C, JavaScript, TypeScript, HTML, CSS, PHP, React, Next.js, Tailwind CSS, React Native
- **Tools & Platforms:** Node.js, Express, Firebase, Supabase, Clerk, Android Studio, Git/GitHub
- **Design & Databases:** Figma, Canva, MySQL, MongoDB, Neon, Adobe Photoshop, Microsoft Office (Excel, Word, PowerPoint)

SOFT SKILLS

- Strong problem-solving mindset, quick adaptability to new tools, and effective time management
- Excellent written and verbal communication; delivers constructive feedback clearly
- Collaborative team player experienced in diverse environments with strong coordination skills

SEMINARS AND ADDITIONAL STUDIES

Philippine Society of Information Technology Educators (PSITE-RAITE)

"Blockchain Technology: Exploring Its Role in Education and Beyond" - 2024

Cisco Networking Academy Certifications: NDG Linux Essentials (2024), Ethical Hacker (2024), Introduction to Cybersecurity (2024), Network Addressing and Basic Troubleshooting (2024), Introduction to Packet Tracer (2024), Networking Devices and Initial Configuration (2024), CCNA: Introduction to Networks (2024), Introduction to Data Science (2025), Security and Connectivity Support (2025), Cyber Threat Management

(2025), Networking Basics (2025), Python Essentials 1 (2025), Python Essentials 2 (2025), Computer Hardware Basics (2026), Data Analytics Essentials (2026), Introduction to Modern AI (2026), AI Fundamentals with IBM SkillsBuild (2026).

SoloLearn Certifications: Introduction to Java (2023), SQL Intermediate (2023).
